<https://www.facebook.com/watch/?v=4560912000701125>

As an external consultant through Justice Education Society I worked on Astrea as UI/UX Designer. Astrea is the working application of the Public Ministry of Guatemala developed for the management and tracking of cases related to events and crimes involving characters as victims and perpetrators, details such as dates, case details, lines of investigation and tracking of these cases to completion.

I am the professional that can bring to your team with experience and knowledge in the field of UI/UX Design and Web Development.

I am an organized, disciplined and very responsible person, you can be talented and creative, but without those qualities you are lazy and a mess.
